Just click on the logo or highlighted link to go to that site.

NAPBIRT is the National Association of Professional Band Instrument Repair Technicians (try saying that with a mouthful of waterkey corks.) If you're looking for a technician when you're on the road, or thinking about getting into the instrument repair business, this is the place to start!

PROBIRT is the resource site for professional band instrument repair technicians or those who are learning about the trade. Lots of great videos and discussion forums.
